**DETAILED ACTION**

***Election/Restrictions***

1. Claims 1, 3, 5-8, 11, 12, 32 and 33 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 20-23 and 34-45, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104. Also, upon further consideration, Examiner has determined that claims 9 and 10 should not have been restricted from claims 1-8, 11 and 12 and hereby withdraws the prior restriction between Groups I and II.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on January 11, 2006 is hereby withdrawn as to Groups I, II and VI.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

***Decision on Petition***

2. In view of the papers filed September 6, 2006, the inventorship in this nonprovisional application has been changed by the deletion of Edward Wilcox.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of Office records to reflect the inventorship as corrected.

**EXAMINER'S AMENDMENT**

The application has been amended as follows:
